Vol.7

THE CONSTRUCTION SCHEDULE FOR THE CORRIGAN BUILDING IS READY

The Corrigan Building will close for renovation beginning Jan. 11.

- The Lifestyle Fitness Center and AveoMedical will remain open throughout construction.
- AveoMedical Clinic will remain open until mid-February, then relocate to an office in Martin's Landing. Residents' prescriptions will be filled off-site and delivered to their homes.
- Until the Corrigan Building reopens, residents are asked to access these areas via Martin's Landing's entrance.
- Due to construction, the life enrichment team will find alternative venues for events and other activities. Please check your activity schedule on Cubigo for the latest information.
- The salon will be relocated to 9931 Gazebo Circle inside of a patio home until the renovation is complete.
- The Corrigan Building is expected to reopen in phases beginning in June, spanning until November.

For more information, please email pvninfo@forefrontliving.org.

#QTNA QUESTIONS THAT NEED ANSWERS: BY JARRED RICHARDSON

Q What is the purpose of the 10 orange circles outside the construction fence on the east side of the pond?

A The circles outline the original fencing line.

Q During Corrigan construction will we have access to the in-house mail boxes?

A No, the mail will be delivered with lunches, on Cubigo, to your door or via your area representative.

Message From Your Contractors:
HAVE A SAFE AND HAPPY NEW YEAR!

WHAT TO EXPECT WHILE THEY'RE CONSTRUCTING

A Guide to Construction at PVN

JANUARY 4 - 8

- Expect piers to be drilled for the foundation of the Hawthorne.
- The elevator foundation continues being poured for the Hawthorne garage.
- Work on constructing the garage wall of the Hawthorne continues.
- Plumbing in the gatehouse is being completed.
- Work on the gatehouse foundation slab and short walls will continue this week.
- Moisture conditioning of the foundation in the Corrigan Building will be completed. Contractors will be present in the building this week.
- If weather permits, piers will be drilled in the Corrigan Dining Room.
- Mechanical Equipment Submittals are in progress for the Corrigan Building. Expect more work to begin soon.

**All timelines are subject to change due to weather or other unforeseen circumstances.*
